A YEAR WITHOUT **ANY SUMMER**

THE YEAR 1816 WAS COLD EST IN WORLD'S HIS-TORY

There Was Ice and Frost Every Month and Snow in

The year 1816 has been called the year without a summer for there were sharp frosts in every month. January was mild, so was February with the exception of a few days. The greater part of March was cold and boisterous. April opened mild, but grew colder as it advanced, ending with snow, ice and winter were frozen and corn killed.

Frost, ice and snow were common in June, almost everything al. The most successful preach- green was killed and nearly all

July was accompanied with righteous wrath. Naming names, ed nearly all summer. Corn was uals as to brand them in the eyes dried for fodder. Very little

be charity, even in a sermon, scarcely any even in the middle nounced that he had detected a to pay \$4 or \$5 a bushel for member of his congregation in corn of 1816 for the next spring's chicken stealing, and threatened planting.
